# FRENCH DOORS

## Esprit with Elegance Glass

French Door sets are available in all composite door and glass designs. Whether for entrance privacy or panoramic garden views, French Doors can be tailored to suit any situation.

## Rosewood Esprit Doors

Aruba with Polar Glass

All shapes and sizes. Every day at Hallmark we manufacture hundreds of doors, panels and bespoke glass and glazing configurations for customers. Whatever your specialised requirements, we can help.

# ARCHED DOORS

- Bespoke Integral Arched Frame Design
- Single Piece Frame Manufacturing - No Joins
- Glass Designs to Match Doors Glass
- Colour Bond Service available on Arched Frames
- WHS Halo Reinforced Outer Frames

# STABLE DOORS

Hallmark composite stable doors are just as at home in a modern property as they are in their traditional country cottage setting. Manufactured from the same core materials as our market leading 44mm Entrance Composite Doors, the stable doors offer the same consistently high level of quality and security that you expect from all Hallmark door products.

## Colour Bond Service

In addition to the standard colours shown, for a small surcharge our stable doors are available in any specified RAL colour of choice.

# FD30s COMPOSITE FIRE DOORS

Mulsanne One    Debonnaire Two L/R/C    Esprit Solid    Esprit Two    Tuscan One    Escala One

## FIRE DOOR SPECIFICATIONS

- Nan Ya FD30 Door Slab & Cassette System
- Winkhaus Ecoframe Outer & Intumescent Seals
- 'S' rated for cold smoke test
- Stainless Steel Door Butt Hinges
- Winkhaus AV2 AUTO-LOCK System
- Winkhaus Palladio Lever/Lever Door Handles
- BS Kite Marked Cylinder
- Armourshield Cylinder Guard

## OPTIONS

- MDS25 or MDS80 Threshold
- Intumescent Seal Letterplate
- Fire Door Spyhole
- 20mm Build Ups
- Door Closer

## GLAZING UNIT MAKE-UP

- 11mm Pyrobelli / 4mm Toughened
- Choice of Pilkington obscure glass patterns

Hallmark's **ELITE COMPOSITE** Collection of doors are fitted with **WINKHAUS** lock mechanisms as standard. Depending on individual needs, you can choose from the available **lock options shown below.**

Designed **SECURE**

## WINKHAUS TRU-LOCK

**WINKHAUS TRULOCK** multi-point locking systems are fitted to all Elite Composite doors as standard. Superbly engineered, the Trulock mechanism is approved by the 'Secured by Design' Police initiative. Manufactured to meet the requirements of a modern door design, the Trulock delivers enhanced performance using low friction hook thrust plates for a smooth, precise operation.

The **WINKHAUS HERITAGE** multi-point locking system has a slam-shut operation whereby the lock keep will automatically engage once the door is closed. A key is then required to gain entry from the outside.

The key cylinder is positioned 3/4 of the way up the door - similar to traditional period doors. From the outside the lock is key operated with a chrome or gold ring pull plate and from the inside by a thumbturn (or key if used with an internal handle to aid door opening).

## WINKHAUS HERITAGE LOCK

## KEYWIND LOCK

Used with the S-Series Bar Handles, the keywind lock has the cylinder positioned at midrail height. The lock is operated from the outside with a keywind operation and from the inside with a keywind or thumbturn operation.

## ENTRY GUARD

The Entry Guard is an upgrade option to the Lever/Lever Trulock. This integral guard bar offers a higher security level compared to a traditional door chain.

## STANDARD DOOR COLOURS

Choose from **seven standard colours** catering for most preferences and aesthetic appeal.

## COLOUR BONDING

**Got a particular colour in mind?** Enhance your entrance with a choice of vibrant, modern door colours all of which can be supplied with colour matched frames and coloured edge banding.

COLOUR BOND SERVICE

## CHOICE OF FRAME PROFILE

**Complete the look.** Select from either a Chamfered or Sculptured frame profile to compliment existing windows & doors.

# Traditional FURNITURE

Stainless steel, traditional gold, chrome, white and black hardware is available across our composite door collection including matching letterplates, letters and numbers, contemporary and traditional knockers and door knobs.

# Contemporary DESIGN

In addition to the traditional lever handles shown opposite, **stainless steel bar handles** are also available and designed to enhance the look of the modern home, creating a stunning, contemporary entrance.

Inline and offset bar handles are available in 400mm, 600mm, 800mm, 1000mm, 1200mm, 1400mm and 1600mm handle heights.

## Ultimate THERMAL Efficiency

Thanks to a high performance CFC-free PV foam insulating core, the Hallmark Elite Door Collection helps you keep the warmth in and cold and noise out.

48mm Solid Timber Core Composite Door

44mm Timber Panelled Door

Our 44mm Elite Composite Door

The Elite 44mm composite doors have been tested in comparison with a 48mm solid timber core composite door and a 44mm timber panelled door.

The images above show the thermal efficiency of each door type. Dark blue areas indicate lower heat loss. Red and green indicates higher heat loss.

### Elite Composite Doors are:

- 19% more thermally efficient than the 48mm solid timber core composite door.
- 17% more thermally efficient than the 44mm traditional timber panelled door.

## THRESHOLD Options

44mm Aluminium

56mm PVCu

15mm Aluminium

Mobility MDS 25

Mobility MDS 80

As well as the standard, integral frame threshold, there are a number of low threshold options available including low 15mm and 44mm aluminium, low 56mm PVCu frame and MDS Mobility Door Cill options.

## PAS 24

The **BS PAS 24 Standard** is your assurance that our composite doors have passed a rigorous testing process to certify them as intruder proof.

PAS 24 is recognised by Secured By Design as a method of testing a doorset assembly to the minimum level of security.
