Why Hardwood?

- Longer life expectancy
- Minimal heat loss
- Unrivalled strength & durability
- Perfect for keeping the character of more traditional or listed buildings
- Wood is an environmentally harmonious material and can be recycled.

Why Broadland Windows?

Since being established in 1974, Broadland Windows & Conservatories has been working with Hardwoods. Today our products boast the latest opening & fastening devices, together with an eco friendly paint and stain application. We manufacture and hand finish the products ourselves which gives the benefit that bespoke trims, inner window boards and the like will be a perfect match.

Unrivalled Choice

With Broadland Windows you will benefit from an unrivalled level of choice. Our professional advisors help you choose the best options for enhancing your property and its value. You can choose from a wide range of colours, mouldings, handles and glazing. We pay full attention to the small details and you can trust that the advised solution will comply with stringent Building Regulations.

We offer many embellishments, glazing enhancements, glazing effects and solar options to ensure your conservatory fully meets your needs.

The Ultimate choice

Hardwood Conservatories

Hardwood is ideal for traditionally designed properties and easily provides an authentic look for listed buildings. Equally it can be utilised in high specification new build and contemporary

refurbishments. We offer a wide variety of roof glazing options. Self Cleaning, solar control and tinted glass and polycarbonate sheet in translucent, tinted and heat guard types.

Everything above gutterline is maintenance free and can be colourmatched or contrasted to the hardwood perimeter products which are available in a variety of factory spray finished stains and opaque colours (Light Oak, Mahogany, Teak, Walnut, Brilliant White, Magnolia, Cream, Mushroom, Sage Green, Moss Green, Grey and Black) and any choice from a further 200 colours.

High Security Guaranteed

In all our hardwood doors we fit as standard high security multi-point locks which comply with insurance companies criteria. All glazing is safety glass as directed by Building Regulations.

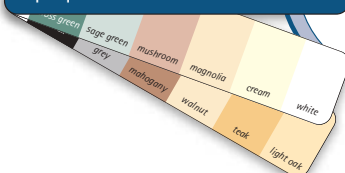

Total Package

Broadland Windows Conservatory packages are fully bespoke to each customers requirements. Peripheral services such as the brick base, tiling, electrical installation and planning applications can be ably handled by our trusted supply chain
